Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 C.F.R. §§ 1.56, 1.97 and 1.98, record is being made below in a Form PTO/SB08 of documents which the Patent Office may wish to consider in connection with examination of the above-identified patent application. It is respectfully requested that the cited documents be carefully considered by the Examiner and made of record in this case. As provided in §1.97(g), no representation is made or intended that a thorough art search was made. As provided in 37 C.F.R. §1.97(h), this Information Disclosure Statement does not constitute an admission of any kind, and specifically is not an admission that the documents listed on attached form PTO/SB08 are, or are considered to be, material to the patentability of the above-identified patent application, as defined in 37 C.F.R. §1.56(b).

This information disclosure statement, submitted under 37 C.F.R. §1.97(b)(4), is being filed with the Request for Continued Examination (RCE) under 37 C.F.R. §1.114. Copies of the cited documents are enclosed.

In accordance with M.P.E.P. §609, Applicants are also including on the attached PTO/SB/08 three references that were previously cited in the international search report for the instant application (i.e.; PCT International Application No. PCT/US99/23146). Applicants

respectfully request that these three references (i.e.; DE 19643281, WO 99/14295, and WO 99/14301) be listed on any patent resulting from the instant application.

Respectfully submitted,

By

Jennifer,

I added the paragraph in to the IDS. Please keep this as a stock paragraph as it sounds like we may be needing it in the future. There's no need to include copies of these three references (i.e.; DE 19643281, WO 99/14295, and WO 99/14301) with the IDS.

Thanks,  
Julie

Julie,

Attached is the IDS form. The publication needed to be referred to is DE 19643281 or, in this case, WO 98/17762. Don't worry about formatting it, I'll do that when you send it back.

Jennifer
